WHY CHOOSE CHATEAU ST. CROIX WINERY

Chateau St. Croix Winery & Vineyard opened in August 2004. It is crafted in the image of a European Estate, complete with an art gallery, vineyards, carriage house, stables, formal gardens, picnic areas, and a pond. Visitors from the heartland of America can escape to another time and place while remaining close to home. Chateau St. Croix offers a variety of hand crafted wine selections. Our award-winning wines are made from local harvests as well as grapes imported from California.

The Chateau is located in the beautiful St. Croix river valley, it is just an hour from the Minneapolis/St. Paul area. It is a beautiful country setting just minutes from the restaurants, B & Bs, and hotels of the St. Croix Falls/Taylors Falls area.

NOT YOUR ORDINARY WEDDING

A wedding is so much more than four walls and a reception hall. Our working winery is styled after a 17th Century Chateau and makes a beautiful backdrop for your wedding. The classic taste of the Chateau is not the latest fad or trend. Your wedding experience will have a timeless quality that will never go out of style.

We offer couples indoor and outdoor wedding options for their wedding day. Unlike other venues, the Chateau offers a variety of choices for both your ceremony and reception. There are no cookie cutter weddings at the Chateau, each wedding is it's own unique experience.

For an outdoor wedding, we have three different locations to choose from. Our most popular option is under the 100+ year old elm tree. Couples also find the formal garden in front of the winery to be an elegant wedding site. In case of rain, the wedding can easily be moved under our chandelier lit, awning. We are able to accommodate weddings of up to 200 people for outdoor events.

For an indoor wedding, we offer our classically styled ballroom. With glass chandeliers, marble floors, and fireplace - the ballroom is a perfect setting for an intimate, boutique wedding seating up to 55 guests.

WEDDING PLANNING

Upon choosing Chateau St. Croix Winery for your wedding, we offer a full-time event coordinator. She is available to create a personalized wedding itinerary for the days events at the Chateau. She is on site and can help with emergencies, last minute details, and the many things that need to be done prior to the wedding.

Our event planner can recommend many of the businesses that will need to be used during a wedding. Here is a list of a few of the areas a wedding consultant can be used to make the wedding run more smoothly.

Instead of worrying about whether the flowers, cake, caterer and table settings have arrived, the wedding couple can be enjoying wedding day massages while our wedding consultant handles these details.

We invite you to come to the Chateau for a tour and a free glass of wine. See why Chateau St. Croix is the ideal location for your wedding.

For further information contact our event coordinator at 715-483-2556.
